

Business Services Supervisor/ Outsourced Accountant

Job description

We are currently recruiting for the role of Business Services Supervisor / Outsourced Accountant for the provision of outsourced accounting services to various clients of the firm.

Responsibilities:

- You will be responsible for preparing management accounts, VAT returns, regulatory reporting returns, drafting the financial statements and preparing ad-hoc reporting across a range of clients in various industry sectors.
- You will prepare group reporting packages from the management accounts and perform reconciliations of IFRS to local GAAP of the head office on a monthly basis.
- You will review and occasionally record accounting entries using software such as XERO, Quickbooks, Sage.
- You will supervise and review staff output and provide guidance to junior members of the team.
- You will liaise with the external auditor for the year-end audit.

Requirements:

- Must have the ACA/ACCA/CPA (or equivalent) qualification.
- At least five years' accounting experience gained within a medium-sized accountancy practice.
- The ability to interpret client information and challenge the client appropriately.
- The ability to liaise and coordinate effectively with members of the team and other service lines across the firm.
- The ability to build strong client knowledge and act as an extension to the client.
- The ability to provide clear, accurate and commercial advice to clients.
- Must have in-depth knowledge of IFRS.
- In-depth working knowledge of the DFSA and FSRA regulatory reporting requirements will be a distinct advantage.
- A real team-player with a 'can-do' attitude.
- A keen interest in working in a challenging and sociable environment.
- A commitment to continuous learning and to improve your own technical expertise.
